Please note: \* Scouts and leaders are hereby notified that they will be walking around in the dark to preserve our dark sky site creating a tripping hazard due to uneven ground and unlit areas. All flashlights used are to have red lenses. A red balloon will do! \* Scouts and leaders enter the wooded areas of our property at their own risk. The trails are natural and may be muddy and slippery. The woods have dead limbs and trees that may create a hazard from falling. All camping is to be staged away from the possibility of falling trees or limbs.

Please Note: \* Scout troops and Cub Packs must have dual leadership and it is assumed by the LAS that all scouts have an annual release form on file with the BSA. \* **The LAS and its members and volunteers are to be held harmless** from any and all claims of bodily injury, sickness, disease or death (including loss or damage to tangible property) to any child, Scout leader or parent that might occur during this program.
